Essays must be received no later than Monday, April 16, 2007. Applicants may only submit one essay.

Essay topics are as follows:

1. Your chosen course of study and classroom performance defines only a part of who you are as a scholar. Please describe an activity you enjoy outside the classroom and how such activity enhances/completes your “education.”
2. There is a significant difference between a stupid mistake and a clever mistake. Please describe a “clever” mistake that you have made and how it impacted your current academic success or your professional/career goals.
3. Describe how your family history or ethnicity has influenced your decision to pursue a college education and/or pursue a particular career path.

The SPARC Board will use the following criteria to evaluate the essays: content, personal creativity, organization, originality, length, grammar and overall presentation. Essays may be written in English or Spanish and will become the property of SPARC and SYSCO and may be published. The winners of the College Scholarship Program essay contest will be awarded scholarship checks. Winners will be notified by mail on or before May 21, 2007. The SPARC Board’s decisions are final.
